[enterprise ins cl scott.pdf](#)

Hi Lindsey,

As a follow-up to our discussion last week and my prior email which attached a copy of the policy issued by the National Union Fire Insurance Co. of Pittsburgh, PA, I have found some additional records that are responsive to your public records request.

- See pgs. 19-20 of the attached Ultrachem RCRA permit. It specifies the financial assurance requirements applicable to that facility as well as citing to the applicable federal provisions.
- I have provided a copy of the Enterprise Insurance policy which I found in the site file.
- Although I was unable to find other copies of insurance policies in the file, there were notes identifying that Ultrachem obtained the following policies:

Agency

Policy No.

Nation Union Fire Insurance Co. of Pittsburgh, PA
BA9288785 & BA9283327

Northstar Reinsurance Corp.

through Montgomery & Collins, Inc. San Jose, CA

NSU22201 \$2 million excess liability for bodily injuries and
damage to property

Enterprise Inc. Co

E1P11306A

Liability for sudden

occurrences of \$2,500,000 per occurrence/\$2,500,000 annual aggregate.

and

Mission National Insurance Co.

through Andreini & Co. San Mateo, CA

MN017786

As for any additional statutory or regulatory requirements specifically related to hazardous waste treatment, storage and disposal facilities (TSDs), I would consider contacted U.S. EPA Region IX since they may have been involved in regulating those facilities in some part during that time period and would be familiar with the citations and requirements.

Please feel free to call me with any questions.

Best regards,

Sonia
